WHAT KIND OF GAME IS THIS?

GOAL-SCORING MOMENT is a soccer-themed social card game built around hidden roles, bluffing, teamwork, reactions, and surprise reversals. You do not need to know anything about soccer to play. The soccer theme gives the game its energy - the fun comes from reading the table, making a move, and seeing how everyone responds.

FOUR WAYS TO PLAY

STRATEGY MODE

Hidden roles + team play

Work with your team, protect your hidden Goalkeeper, and eliminate their Goalkeeper before they find yours.

CASUAL PARTY MODE

Fast + unpredictable

A quicker free-for-all. Draw SOCCER twice and you are out.

MATH CHALLENGE MODE

Build combinations + score

Use the same cards to build scoring combinations and compete for the highest total.

MATCH MODE

Team-vs-team soccer action

Fight for possession, attack, defend, and decide the shot with Rock-Paper-Scissors or a Left-Center-Right call.

HOW EACH MODE PLAYS

Quick overviews only - use the website for full setup, card functions, examples, and win conditions.

FULL RULES + INTERACTIVE TUTORIAL: https://lu20140621-png.github.io/goal-scoring-moment/

1. STRATEGY MODE

Original team game

- Setup: Split into teams. Each player has a hidden role; reveal only your team color and keep the Goalkeeper secret.
- Turn: Draw 1 card, then use action cards based on the game state.
- Attack: SHOOT + SOCCER creates an attack. DEFENSE or TACKLE may stop it; DRIBBLE PAST can break through a defense.
- Win: 3 Soccer Tokens eliminate a Player. An undefended third goal against a Goalkeeper is canceled. That goal does not count. A fourth scoring attack is needed to eliminate the Goalkeeper and win.

2. CASUAL PARTY MODE

Fast free-for-all

- Core idea: A faster elimination game with simpler, more chaotic interactions.
- Danger: Draw SOCCER twice and you are out.
- Cards use Casual Party effects, so use the mode guide or interactive tutorial when you play.

3. MATH CHALLENGE MODE

Score-building challenge

- Core idea: Build scoring pairs and combinations instead of attacking other players.
- Play: Build your grid, calculate your combinations, and compete for the highest total score.
- Best for: A quick head-to-head or group challenge when you want something more puzzle-like.

4. MATCH MODE

Team-vs-team match play

- Core idea: Play in teams, fight for possession, and turn card actions into a faster soccer-style match.
- Attack and defend: SHOOT pushes the attack forward, TACKLE challenges possession, YELLOW can disrupt action, and DEFENSE brings the Goalkeeper into play.
- Decide the shot: Use Rock-Paper-Scissors or a Left-Center-Right call to determine whether the shot becomes a goal.
